INT. STORMLANDS - RENLY'S TENT - NIGHT.

The wind whips the flaps of the tent. Renly sits behind his table. Brienne is by his side. Catelyn sits in front of him.

RENLY

You swear it?

CATELYN

By the mother. My son has no interest in the Iron Throne.

RENLY

Then I see no reason for hostility between us. Your son can go on calling himself King of the North. The Starks will have dominion over all lands north of Moat Cailin, provided he swears me an oath of fealty.

CATELYN

And the wording of this oath?

RENLY

The same Ned Stark swore to Robert eighteen years ago. Cat, their friendship held the kingdoms together.

CATELYN

And in return for my son's loyalty?

RENLY

In the morning, I'll destroy my brother's army. When that's done, Baratheon and Stark will fight their common enemy together, as they have done many times before.

CATELYN

Our two houses have always been close, which is why I am begging you to reconsider this battle.

01:03:15

CATELYN

Negotiate a peace with your brother.

RENLY

Negotiate with Stannis? You heard him out there. I'd have better luck debating the wind. Please bring my terms to your son. I believe we are natural allies. I hope he feels the same. Together, we could end this war in a fortnight.

The wind howls and rips through the tent. A dark shadow enters the tent, startling Catelyn and Brienne, who gasps. Renly stands near the edge of the tent. The shadow takes human form behind him and stabs him in the back with a sword. Blood gushes from Renly's chest.

BRIENNE

No!

Renly falls into Brienne's arms and then onto the floor. Two kingsguards storm into the tent with swords drawn, but it is too late.

KINGSGUARD 1

You'll die for this!

CATELYN

No, no! Wait! It-it wasn't her!

The kingsguards go after Brienne. She draws her sword and they fight. Brienne quickly kills both of the kingsguards. Catelyn looks on, stunned. Brienne leans over Renly and cries.

[MUSIC IN]

BRIENNE

(CRIES)

CATELYN

We've got to leave. They'll hang you for this. Now.

Catelyn tries to pry Brienne away from Renly.

01:04:57

BRIENNE (sobbing)
I won't leave him.

CATELYN
You can't avenge him if you're dead.

BRIENNE
Not that way.

Brienne runs out of the tent on one side, while Catelyn runs out of another opening. Renly lies dead on the ground.

EXT. STORMLANDS - DAY.

Littlefinger watches the boats sailing in the water. There is a flurry of activity.

INT. STORMLANDS - RENLY'S TENT - DAY.

Loras stares at Renly's dead body in sorrow. Margaery paces behind him and paces.

MARGAERY
We need to go home. Loras.

Littlefinger enters the tent.

LITTLEFINGER
My Lord, My Lady.

LORAS
Get out.

LITTLEFINGER
Stannis will be here in an hour. When he arrives, Renly's bannermen will flock to him. Your former companions will fight for the privilege of selling you to their new king.

Loras stands and draws his sword.

01:06:00

LORAS
And you want that privilege for

yourself.

LITTLEFINGER

You will note that I am standing here talking to you, not Stannis.

MARGAERY

There's no time for this.

LORAS

You ride back to Highgarden, sister. I'm not running from Stannis.

MARGAERY

Brienne of Tarth murdered Renly.

LORAS

I don't believe that. You don't believe that. Who gained the most from our king's death?

LITTLEFINGER

Stannis.

LORAS

I will put a sword through his righteous face!

MARGAERY

You can't stay here.

LORAS

He would have been a true king. A good king.

LITTLEFINGER

Tell me, Ser Loras, what do you desire most in this world?

LORAS

Revenge.

01:06:38

LITTLEFINGER

I have always found that to be the purest of motivations. But you won't have a chance to put your sword through Stannis. Not today. You'll be cut to

pieces before he sets foot on solid ground. If it is justice that you want, be smart about it.

MARGAERY

You can't avenge him from the grave.
Bring the horses. Please.

Margaery strokes Loras's hair. He gazes sadly at Renly.
After a moment, he grabs his sword and exits the tent.

[MUSIC IN]

MARGAERY

He was very handsome.

LITTLEFINGER

He was, your Grace.

MARGAERY

Your Grace. Calling yourself king doesn't make you one. And if Renly wasn't a king, I wasn't a queen.

LITTLEFINGER

Do you want to be a queen?

MARGAERY

No. I want to be *the* queen.

INT. RED KEEP - CERSEI'S CHAMBER - DAY.

Cersei looks out the window and watches Myrcella play with Septas down below. Tyrion has informed Cersei of Renly's death.

CERSEI

Killed? By whom?

01:08:08

TYRION

Accounts differ. Most seem to implicate Catelyn Stark in some way.

CERSEI

Really? Who'd have thought?

TYRION

Some say it was one of his own
Kingsguard, while still others say it
was Stannis himself who did it after
negotiations went sour.

CERSEI
Whomever did it, I say well done.

TYRION
It's not what Varys says. He says
Renly's army is flocking to support
Stannis, which would give Stannis
superiority over us on both land and
sea.

CERSEI
Littlefinger says we can out spend him
three to one.

TYRION
And I say father raised you to have too
much respect for money. Stannis
Baratheon is coming for us, sooner
rather than later.

CERSEI
Aren't there other things you should be
doing, like sealing my daughter in a
crate so you can ship her away?

TYRION
She'll be safer in Dorne.

CERSEI
Yes, I know how concerned you are for
her safety.

01:08:47

TYRION
It so happens that I am. Myrcella's a
sweet, innocent girl and I don't blame
her at all for you.

CERSEI
So clever. Aren't you always so clever
with your schemes and your plots.

Cersei walks into another room, annoyed at Tyrion. She sits

down with her wine. Tyrion follows her.

TYRION

Schemes and plots are the same thing.
They are going to attack us! We need to
be ready.

CERSEI

No need to concern yourself over it.
The king is taking personal charge of
siege preparations.

TYRION

May I ask specifically what the king has
in mind?

CERSEI

You may ask specifically, or you may ask
vaguely. The answer will be the same.

TYRION

It's important that we talk about this.

CERSEI

It's the king's royal prerogative to
withhold sensitive information from his
councilors.

Cersei smugly sips at her wine. Tyrion walks out.

INT. TYRION'S LITTER - DAY.

Tyrion and Lancel chat privately in the litter.
They are uncomfortable in the space that barely
fits them both.

01:09:47

LANCEL (OS)

It's wildfire.

TYRION

Wildfire? You wouldn't lie to me, would
you, cousin?

LANCEL

No.

TYRION

That's a lie right there.

LANCEL

It is not a lie. Why would I lie?

TYRION

Tell me, if the vile allegations against my brother and sister are true, do you think it would make Jaime more likely to kill you or less likely? When I tell him you're fucking her, I mean.

LANCEL

I'm telling you the truth.

TYRION

The smart money would be on more likely.

LANCEL

She's making wildfire! I swear...

TYRION

But then perhaps his own unnatural urges would give him sympathy for yours.

LANCEL

The Alchemist's Guild is being commissioned...

TYRION

Suppose there's only one way to find out.

01:10:25

LANCEL

They have thousands of pots already stored in their vaults. They are planning to launch it from the city walls into Stannis's ships and armies. Please.

TYRION

When did she tell you this?

LANCEL

I heard her talking with the pyromancer. And the other night, after I left her, she went to meet him. I swear to you.

TYRION
Swear to me on what?

LANCEL
On my life.

TYRION
But I don't care about your life.

LANCEL
In the light of the Seven, by all that
is holy and right, I, Lancel Lannister,
do solemnly vow that...

TYRION
All right, all right. Enough. Even
torturing you is boring. Just get out.

Lancel exits the litter and stumbles on his face. Bronn
stands nearby.

TYRION
Oh, Lancel. Tell my friend Bronn to
please kill you if anything should
happen to me.

LANCEL
Please kill me if anything should happen
to Lord Tyrion.

Tyrion, satisfied, closes the litter's flap. Lancel runs
out. Bronn smiles.

01:11:18

BRONN
It will be my pleasure.

EXT. STORMLANDS - RENLY'S TENT - DAY.

Stannis walks in front of an army of his men. Davos
approaches him, then walks quickly beside him.

DAVOS
Your Grace.

STANNIS
What is it?

DAVOS

I'm sorry about your brother, Your Grace. I wanted to let you know that people grieve for him, your Grace.

STANNIS

Fools love a fool. I grieve for him as well, for the boy he was, not the man he grew to be.

DAVOS

I need to speak to you about what I saw in that cave.

STANNIS (harsh whisper)

I thought I made it clear to you there would be no need to speak to me of this matter.

DAVOS

Your Grace, I...

STANNIS

I've never known you to need to hear a thing twice.

INT. STORMLANDS - RENLY'S TENT - DAY.

Davos and Stannis stand across from each other in the tent.

01:11:49

DAVOS

And I've never known you to hide from the truth.

STANNIS

You come to lecture me on truth?

DAVOS

I've come to tell you about what I saw.

STANNIS

All my brothers bannermen have come to my side. Except for Tyrell's, who fled like cowards. They won't be able to resist us now. Soon, I should be sitting on the Iron Throne.

DAVOS
Nothing is worth what this will cost
you. Not even the Iron Th...

STANNIS
I'll hear no more about it.

The men stand in silence for a few moments before Davos
breaks the silence. Stannis moves around chess pieces on a
board.

DAVOS
When do we sail for King's Landing?

STANNIS
As soon as I've consolidated my troops.
We'll make short work of the Lannisters'
fleet. Once Blackwater Bay is cleared,
we'll deliver our armies to their
doorstep and take the city.

DAVOS
And will you bring Lady Melisandre with
you?

01:12:37

STANNIS
Well, that is not your concern.

DAVOS
If you take King's Landing with her by
your side, the victory will be hers.

STANNIS
I never thought I'd have reason to doubt
your loyalty. Was I wrong?

DAVOS
Loyal service means telling hard truths.

STANNIS
Oh, truth again. All right. What's the
truth? The hard truth?

DAVOS
She's a foreigner, preaching a foreign
religion. Some believe she whispers

orders in your ear and you obey.

STANNIS

What do you believe?

DAVOS

You won those bannermen from Renly.
Don't lose them to her.

[MUSIC IN]

STANNIS

We'll set out for King's Landing without
Lady Melisandre. And you will lead the
fleet into Blackwater Bay.

DAVOS

Your Grace, I'm honored, but my time on
the sea was spent evading ships, not
attacking them. The other lords won't
be happy.

01:13:39

STANNIS

Most of those lords should consider
themselves lucky I don't hang them for
treason. Hard truths cut both ways, Ser
Davos.

After a long moment, Davos exits the tent. Stannis stands
in silence.

EXT. KING'S LANDING - STREET - DAY.

Tyrion and Bronn walk amidst the great unwashed throngs.
Men haggle in the fish stalls.

STREET MERCHANT 1

Buy my fruit, my Lord.

STREET MERCHANT 2

Fresh fruit! My Lord!

TYRION

Stannis has more infantry, more ships,
more horses. What do we have?

BRONN

There's that mind of yours you keep

going on about.

TYRION

Well, I've never actually been able to kill people with it.

BRONN

Good thing. I'd be out of a job. What about your father?

TYRION

He hasn't sent a raven in weeks. He's very busy. Being repeatedly humiliated by Robb Stark is time consuming. We won't be able to hold the city against Stannis, not the way Joffrey's planning on holding it.

01:14:45

A street preacher dressed in a robe of undyed wool stands on a pedestal and speaks to a crowd of bystanders.

STREET PREACHER

Corruption!

The crowd cheers.

STREET PREACHER

Yes! We are swollen, bloated, foul! Brother fornicates with sister in the bed of kings. Are we surprised when the fruit of their incest is rotten?!

The crowd cheers.

STREET PREACHER

Yes! A rotten king!

TYRION

It's hard to argue with his assessment.

BRONN (overlap with street preacher)

Not after what he did to your birthday present.

TYRION (overlap with street preacher)

The king is a lost cause.

STREET PREACHER

(overlap with Bronn and Tyrion)
A corrupt king, spreading the disease of
his soul far and wide across our city!

TYRION
It's the rest of us I'm worried about
now.

STREET PREACHER
A dancing king, prancing down his blood-
stained halls to the tune of a twisted
demon monkey.

CROWD
(LAUGH)

TYRION
You have to admire his imagination.
BRONN
He's talking about you.

01:15:27

TYRION (insulted)
What? Demon monkey?

BRONN
They think you're pulling the king's
strings. They blame you for the city's
ills.

TYRION
Blame me? I'm trying to save them.

BRONN
You don't need to convince me.

Bronn walks away from Tyrion.

TYRION
Demon monkey.

EXT. DOCK - LORDSPORT HARBOR - DAY.

[MUSIC IN]

Theon stands on the dock and smiles as he looks out at his
ship. He hears laughter and turns toward his crew who exit
a small dock room. He addresses them.

THEON
You're the crew of the Sea Bitch? I'm
your commander. Welcome.

The crew ignores him.

THEON
Stop. Stop! Your captain commands you
to stop!

The crew laughs at him.

BLACK LORREN
Where we headed, Captain?

THEON
The Stony Shore. To raid their
villages. There'll be spoils in it for
you, and women, if you do your jobs
well.

01:16:40

BLACK LORREN
And who decides if we've done our jobs
well?

THEON
I do. Your Captain.

The crewmen laugh.

BLACK LORREN
I have been reaving and raping since
before you left Balon's balls, captain.

Black Lorren walks over to Theon.

BLACK LORREN
Don't reckon I've got much use for your
ideas on how to do it. Don't reckon
I've got much use for a captain at all.
I'm thinking I could do the job of
captain real well myself. All I need's
a ship. You wouldn't know where I could
find myself a ship now, would you?

Theon and Black Lorren exchange looks. Black Lorren walks

away from Theon.

THEON

You could do that. Take the ship, head out on your own. And I will hunt you down, drag you back here in chains and hang you for a traitor.

BLACK LORREN

(LAUGH)

Yara joins the crew.

01:17:28

YARA

Stop! We yield.

The crew laughs with Yara.

YARA

Congratulations on your first command.

THEON

Thank you. Kind of you to come see me off.

YARA

Oh, I'm not here for you. I was just on my way to Red Harbor. I've got thirty ships. There's nowhere to put them here. Too narrow.

THEON

Better get out there. Wouldn't want to set sail without you.

YARA

That would never happen. My crew would wait on deck for a year if I asked them to. This lot, though... Enjoy the Stony Shore.

Yara walks away from Theon. His crew is on a skiff and heading out to the Sea Bitch without him as they laugh. Dagmer, a member of the crew, has stayed behind. He approaches Theon.

DAGMER

Come on. I'll take you out.

THEON
Who are you?

DAGMER
Dagmer, your first mate.

Theon follows Dagmer.

THEON
Aren't you with the rest of them? Or
did they send you? Did they send you to
row me out and dump me halfway in the
sea? That would be good for a laugh.

01:18:25

DAGMER
They're not gonna respect you until you
prove yourself.

THEON
And how am I supposed to prove myself by
pillaging piss-poor fishing villages?

DAGMER
You're not.

THEON
And yet that's the task my father has
given me to prove that I am a true Iron
Islander.

DAGMER
They're all Iron Islanders. Do they do
as they're told or they do as they like?

THEON
The Stony Shore's not far from Torrhen's
Square.

Dagmer and Theon board the skiff.

DAGMER
The seat of the House of Tallhart. A
more impressive prize than a few
fishermen's daughters.

[MUSIC IN]

DAGMER

What? You don't think we could take it?

THEON

Oh, we could. But we could never hold it for more than a few days. As soon as Winterfell got word that we'd taken Torrhen's Square, the Starks would send their men to take it back. And then...

Theon and Dagmer smile at each other.

01:19:23

THEON

Take me to my ship.

INT. HARRENHAL - LIBRARY - DAWN.

Tywin sits at a table with his generals and Amory. Arya prepares food for the men.

GENERAL #1

The Starks have over-extended their lines. Now that summer's over, they'll have a hard time keeping their men and horses fed.

TYWIN

The Starks understand winter better than we ever will. The cold won't beat them.

AMORY

Our spies report growing discontent among the northern lords. They want to return home and gather the harvest before the crops turn.

TYWIN

And I'm sure if those same spies snuck into our own encampments, they would report growing discontent amongst the southern lords. This is war. No one's content. We've underestimated the Stark boy for too long. He has a good mind for warfare. His men worship him. And as long as he keeps winning battles, they'll keep believe he is king in the

north. You've been waiting for him to fail. He is not going to fail. Not without our help.

01:20:22

TYWIN

So now how do we stop him?

GENERAL #1

We've worked through the night, My Lord. Perhaps we'd profit from some sleep.

TYWIN

Yes, I think you would, Reginald. And because you're my cousin, I might even let you wake from that sleep. Go! I'm sure your wife must miss you.

GENERAL #1

My wife's in Lannisport.

TYWIN

Well then you better start riding. Go before I change my mind and send her your head.

The general stands, shocked.

TYWIN

If your name wasn't Lannister, you'd be scrubbing out pots in the cook's tent. Go!

The general exits. The men sitting around the table do not move. Arya walks over to the table to refill the generals' wine cups.

TYWIN

Not wine. Water. We'll be here for some time.

Arya nods and starts to walk away, but Tywin beckons her back.

TYWIN

Girl. Where are you from?

01:21:10

ARYA
Maidenpool. My Lord.

TYWIN
And who are the lords of Maidenpool?
Remind me.

[MUSIC IN]

ARYA
House Mooton... My Lord.

TYWIN
And what is their sigil?

Arya stands nervously. She doesn't answer.

TYWIN
A red salmon. I think a Maidenpool girl
would remember that. You're a
northerner, aren't you?

Arya nods.

TYWIN
Good. Now one more time. Where are you
from?

ARYA
Barrowton, My Lord. House Dustin. Two
crossed longaxes beneath a black crown.

Tywin smiles and nods.

TYWIN
And what do they say of Robb Stark in
the North?

ARYA
They call him the Young Wolf.

TYWIN
And?

ARYA
They say he rides into battle on the
back of a giant dire wolf. They say he
can turn into a wolf himself when he
wants. They say he can't be killed.

01:22:10

TYWIN

And do you believe them?

ARYA

No. My Lord. Anyone can be killed.

Arya and Tywin exchange looks.

TYWIN

Fetch that water.

Arya walks away.

INT. HARRENNHAL - CORRIDOR - DAWN.

Arya walks though the corridor carrying a jug of water. Four Lannister guards walk toward her down the corridor. Arya steps aside to let them pass. She quickly proceeds down the corridor.

INT. HARRENNHAL - MOMENTS LATER.

Jaquen appears and startles Arya.

JAQEN

A girl says nothing. A girl keeps her mouth closed. No one hears and friends may talk in secret, yes? A boy becomes a girl.

ARYA

I was always a girl.

JAQEN

And I was always aware. But a girl keeps secrets. It is not for a man to spoil them.

Arya hands Jaquen his helmet.

ARYA

You're one of them now. I should have let you burn.

JAQEN

And you fetch water for one of them now. Why is this right for you and wrong for

me?

01:23:55

ARYA
I didn't have a choice.

JAQEN
You did. I did. And here we are. A
man pays his debts. A man owes three.

ARYA
Three what?

JAQEN
The Red God takes what is his, lovely
girl. And only death may pay for life.
You saved me and two I was with. You
stole three deaths from the Red God. We
have to give them back. Speak three
names, and the man will do the rest.
Three lives I will give you. No more,
no less. And we're done.

ARYA
I can name anyone? And you'll kill him?

JAQEN
A man has said.

ARYA
The one who tortures everyone.

JAQEN
A man needs a name.

ARYA
I-I don't know his name. They call him
the Tickler.

JAQEN
That is enough. Go now, girl. Your
master's thirsty.

Arya walks away.

EXT. APPROACH TO FIST OF THE FIRST MEN - DAY.

The Night's Watch marches through icy terrain toward the

First of the First Men. Jon and Morman walk side by side with Dolorou Edd, Samwell and Grenn.

01:25:24

MORMON

He's not here yet. He'd have seen us, blown the horn.

JON

When will he come?

MORMON

The Halfhand does things on his own time.

JON

My uncle told me stories about him.

MORMON

Most of them are true.

JON

I heard the Halfhand spent half of last winter beyond the Wall.

MORMON

The whole winter. He was north of the Skirling Pass when the snows came. Had to wait for the thaw.

JON

So it's possible for someone to survive out here on their own?

MORMON

Possible for the Halfhand.

Sam, Grenn, Edd and the others trudge on behind them.

SAM

Beautiful, isn't it? Gilly would love it here.

01:25:57

DOLOROUS EDD

There's nothing more sickening than a man in love.

[MUSIC IN]

EXT. FIST OF THE FIRST MEN - DAY.

Ghost stands by overlooking the landscape. Jon, Sam, Grenn and Edd grunt as they dig a perimeter trench.

SAMWELL

The First of the First Men. Think of how old this place is. Before the Targaryens defeated the Andals, before the Andals took Westeros from the First Men...

DOLOROUS EDD

Before I die, please, stop talking.

SAMWELL

Thousands and thousands of years ago, the First Men stood here, where we're standing, all through the long night. What do you think they were like, the First Men?

DOLOROUS EDD

Stupid. Smart people don't find themselves in places like this.

JON

I think they were afraid.

[MUSIC IN]

JON

I think they came here to get away from something. And I don't think it worked.

A horn sounds and the men turn their attention to the sound.

GRENN

Wildlings?

01:27:24

JON

One blast is for rangers returning. Wildlings is two blasts.

DOLOROUS EDD

See what's down there? Waiting?
Wondering? One blast for friends. Two
for foes.

SAMWELL

And three for White Walkers. It's been
a thousand years, but that's the only
time they blow the horn three times.

GRENN

Well, if it's been a thousand years, how
do you know?

SAMWELL

Well, I read it...

GRENN AND DOLOROUS EDD

Read it in a book.

Grenn and Dolorous Edd turn and walk away.

JON

Look! That's Qhorin Halfhand.

DOLOROUS EDD

Aye. We'll live another day. Hurrah.

The rest of the men go back to work, but Jon stays and
continues to look out into the landscape.

INT. KING'S LANDING VAULTS - ALCHEMISTS' GUILD - DAY.

Tyrion and Bronn are in the underground with Hallyne.
Tyrion holds a pebbled glass vessel. He gently swishes the
contents, which is wildfire.

01:28:18

HALLYNE

Ta-take care, My Lord.

TYRION

I remember reading an old sailor's
proverb. Piss on wildfire and your cock
burns off.

HALLYNE

Oh! No, I have, I have not conducted
this experiment. It-it could well be
true. The substance burns so hot, it
melts wood, stone, even steel, and of

course, flesh. The substance burns so hot it melts flesh like tallow.

Tyrion returns with jar to Hallyne.

HALLYNE

After the dragons died, wildfire was the key to the Targaryen power.

BRONN

(LAUGH)

TYRION

My companion takes issue.

BRONN

If I could tell you how many crazy old men I've seen pushing carts around army camps making grand claims about jars full of pig shit. No offense meant.

HALLYNE

Our order does not deal in pig shit! The substance is fire given form, and we have been perfecting it since the days of Maegor.

BRONN

To do what?

HALLYNE

The jars are put in catapults and flung at the enemy.

TYRION

How much do you have?

Hallyne shrugs.

01:29:27

BRONN

If you get real soldiers to man the catapults, then maybe you'd hit your target one time in ten. But all the real soldiers are in the Riverlands with your father.

HALLYNE

My Lord, this man is insulting.

BRONN

I don't know if you've ever seen a battle, old man, but things could get a bit messy, 'cause when we're flinging things at Stannis, he's flinging them right back at us. Men die. Men shit themselves. Men run. Which means pots falling, which means fire inside the wall, which means the poor cunts trying to defend the city end up burning it down.

TYRION

My friend remains unconvinced.

HALLYNE

He would not dare insult my order while Aerys Targaryen lived.

BRONN

Well, he's not living anymore. And all his pots of wildfire didn't help him, did they? Men win wars, not magic tricks.

[MUSIC IN]

Hallyne, Tyrion and Bronn reach the vault door. Tyrion looks around, stunned.

HALLYNE

We have been working tirelessly day and night, ever since your royal sister commanded us to do so. Our present count stands at seven thousand, eight hundred and eleven. Enough to burn Stannis Baratheon's fleet and armies both.

01:30:49

BRONN

This is a shit idea.

TYRION

I'm afraid I have to concur with my advisor, Wisdom Hallyne. The contents of this room could lay King's Landing

low. You won't be making wildfire for
my sister any longer. You'll be making
it for me.

INT. XARO'S PALACE - DANY'S CHAMBER - QARTH - DAY.

Dany and Doreah lean on the ledge and admire the dragons.

DANY
Drakaris. Drakaris.

The baby dragon opens its mouth and spreads its wings as if
communicating with Dany and Doreah.

DOREAH
(LAUGH)

DANY
He'll be able to feed himself from now
on. Let him sleep, Doreah.

DOREAH
Yes, khaleesi.

Doreah holds out her hand and the baby dragon climbs on.
Dany stands with Irri and inspects her work as Doreah moves
the dragons' cage.

DANY
He loves you.

01:32:00

IRRI
Ánha sóqe ákka jin sacchéy éssheyi.
I rerove this part of the top.

IRRI
Qísi tim, ánha arrísse vemishíkh.
And I fixed the heel on this one.

DANY
Thank you, my friend.

DOREAH

Did you see the dress Xaro had made for you? They say he's the wealthiest man in Qarth.

Doreah holds up a dress to show Dany.

IRRI
It is known.

DOREAH
And if Qarth is the wealthiest city in Essos...

DANY
The last time a rich man gave me a dress, he was selling me to Khal Drogo.

IRRI
Me dothralliatés she Rháeshi Ájjaláni ayyeyaan.

May he ride forever through the night lands.

Dany and Doreah turn their attention to Irri for a moment, but then continue on with their conversation without responding.

DANY
Xaro is our host, but we know nothing about him. Men like to talk about other men when they're happy.

DOREAH
Oh.

Doreah smiles and turns away.

01:32:49

DANY
You would look like a real princess in Xaros.

IRRI
She's not a princess. She's a khaleesi.

Dany, Doreah and Irri exchange looks. The dragons squawk.

IRRI

You should wear it, khaleesi. You are
their guest. It would be rude not to.

Irri walks out of the room. Dany smiles.

EXT. QARTH - XARO'S PALACE - COURTYARD - LATER.

The party is in full swing. Dany wears the blue dress given
to her as a gift by Xaro.

FEMALE PARTY GUEST

(LAUGH) And you must visit the night
market, because here night market is
like no night market you've ever seen.

DANY

It sounds wonderful.

FEMALE PARTY GUEST

Mm. The Marinesti [PH], they have a
night market. I will take you there
myself.

Dany notices Kovarro and Jorah among the crowd.

DANY

Please excuse me for a minute.

Dany quickly walks over to Jorah, Kovarro and another man
standing by a gold statue. Kovarro taps the statue with a
blade.

01:33:47

DANY

What are they doing?

JORAH

Well Mallaco [PH] says the statue is too
heavy to carry. Kovarro says that
Mallacco is an idiot. They can pry out
the gems. The rest is pure gold. Very
soft. He can chop off as much as we can
carry.

KOVARRO

Che ívvisaki máe. Disísse.

Or melt it. Very simple.

DANY
Kísha névaki máe!

We are his guests!

DANY
Yer laz vos véfenari máe vos távi máe
vos ívvisi máe.

You can't pry it or chop it or melt it.

KOVARRO
Voséchhi, zhey kháleesi!

Of course not, Khaleesi!

KOVARRO
Kísha váyoki athezaraán kíshi.

We will wait until we leave.

DANY
Kash athezár kíshi vos ákka.

Not even when we leave.

01:34:12

KOVARRO
Vos arrék? Kífindirgi?

Why not?

DANY
Hash idrík kíshi víjazero kasha
Athasaroón Vírzetha hash yer záli
zifichelát moon?

Our host saved us from the Red Waste
and you want to steal from him?

DANY
Ánha acharák vos alíkh.

I will hear no more.

Kovarro and the man walk away from Dany and Jorah, resigned.
They stroll through the courtyard together.

DANY

My brother used to say the only thing a
Dothraki knew how to do was steal things
better men have built.

JORAH

It's not the only thing. They're quite
good at killing the better men.

DANY

That's not the kind of queen I'm going
to be.

A bald warlock approaches Dany and Jorah. He introduces
himself and bows.

WARLOCK 1

The Mother of Dragons. On behalf of the
Warlocks of Qarth, I welcome you.

The warlock holds out his hand to Dany. He places a gem in
her hand.

01:34:48

WARLOCK 1

A demonstration. Take this gem. Look
at it. Into its depths. So many
facets. Look closely enough and you can
see yourself in them.

[MUSIC IN]

A warlock twin stands among the crowd. The crowd gasps.

WARLOCK 2

Often more than once.

WARLOCK 1

Should you grow tired of Xaro's baubles
and trinkets, it would be an honor to
host you at the House of the Undying.
You are always welcome, Mother of
Dragons.

The warlocks walk away. The crowd applauds. Xaros
approaches.

XARO

My apologies. Bi Pree [PH] is one of the thirteen. It was customary for me to extend him an invitation. Customs die slow deaths in Qarth.

DANY

What is the House of the Undying?

XARO

It is where the warlocks go to squint at dusty books and drink Shade of the Evening. It turns their lips blue and their minds soft. So soft they actually believe their parlor tricks are magic.

DANY

(LAUGH)

Xaro leads Dany away from the crowd. Jorah looks on.

01:36:03

WOMAN (OS)

You watch over her.

JORAH

Do I know you?

Jorah turns to find a woman standing there with her face covered by black and gold netting.

WOMAN

I know you. Jorah Mormont of Bear Island.

[MUSIC IN]

JORAH

Who are you?

WOMAN

I'm no one. But she is the Mother of Dragons. She needs true protectors, now more than ever. I shall come day and night to see the wonder born into the world again. And when they see, they shall lust. Her dragons are fire made flesh, and fire is power.

The woman walks away from Jorah. He turns his attention back to Dany's direction, but she is gone.

EXT. OUTSKIRTS OF STORMLANDS - DAY.

Catelyn and Brienne stand in the forest with Brienne's horse.

BRIENNE
It looked like Stannis.

CATELYN
To me, it just looked like a shadow in the shape of a man.

BRIENNE
In the shape of Stannis.

CATELYN
We should reach my son's camp tomorrow.

01:37:11

BRIENNE
Will you stay there long, my Lady?

CATELYN
Only long enough to tell Robb what I have seen. After that, I will leave for Winterfell. My two youngest need me. I've been away from them for far too long.

BRIENNE
I never knew my mother.

CATELYN
I'm sorry. My own mother died on the birthing bed when I was very young.

Catelyn and Brienne walk over to a small fire. Catelyn sits down.

BRIENNE
It's a bloody business.

CATELYN
What comes after is even harder.

BRIENNE

Once you're safely back amongst your own people, will you give me leave to go, My Lady?

CATELYN

You mean to kill Stannis?

BRIENNE

I swore a vow.

CATELYN

But Stannis has a great army around him. His own guards are sworn to keep him safe.

BRIENNE

I'm as good as any of them. I should never have fled.

01:38:10

CATELYN

Renly's death was no fault of yours. You served him bravely.

BRIENNE

I only held him that once... as he was dying.

CATELYN

He's gone, Brienne. You serve nothing and no one by following him into the earth. Renly's enemies are Robb's enemies as well.

BRIENNE

I do not know your son, My Lady. But I could serve you if you would have me.

[MUSIC IN]

BRIENNE

You have courage. Not battle courage, perhaps, but I don't know. A woman's kind of courage. And I think that when the time comes, you will not hold me back. Promise me that you will not hold

me back from Stannis.

CATELYN

When the time comes, I will not hold you back.

Brienne draws her sword and kneels in front of Catelyn. She lays the sword on the ground and bows.

BRIENNE

Then I am yours, My Lady. I will shield your back and give my life for yours if it comes to that. I swear it by the old Gods and the new.

Catelyn reaches out and takes Brienne's hand. She looks into Brienne's eyes.

01:39:40

CATELYN

I vow that you shall always have a place in my home and at my table, and that I shall ask no service of you that might bring you dishonor. I swear it by the old Gods and the new.

INT. WINTERFELL - FEAST HALL - DUSK

Bran sits at the high table with Rickon and Maester Luwin. Sundry villagers, farmers and minor lords are present. Farmer #1 pleads his cause. Rickon smashes walnuts on the table.

FARMER #1

And it's not just thieves, my Lord. There's wolves in the hills now. More than I've ever seen. They come down at the night and they kill my sheep. My three sons is away fighting for your brother, my Lord. They'll fight and keep fighting 'till they're told to go home. I have no one to man my flock now. Only me. I can't keep watch all day and all night.

BRAN

We can send two orphan boys from Winterstown home with you to help watch

over your flock if you can give them
room and board.

FARMER #1
My wife always prayed for more children.
We'll look after them. Thank you, My
Lord. May the gods bless you and yours.

Farmer #1 exits the room. Bran turns to Rickon who
continues to crush walnuts on the table.

01:40:42

BRAN (to Rickon)
Stop it.

BRAN (to Luwin)
If that's everyone, I'm going to go for
a ride before dark. Hodor!

HODOR
Hodor.

Ser Rodrik marches into the hall, followed by Stark Guards.

RODRIK
Bran!

RODRIK
Lord Stark. Torrhen's Square is under
siege.

LUWIN
Torrhen's Square is barely forty leagues
from here. How could the Lannisters
strike so far north?

RODRIK
Might be a raiding party led by the
Mountain.

[MUSIC IN]

RODRIK
Might be sellswords paid by Tywin
Lannister.

BRAN
We have to help them.

RODRIK
Most of the fighting men are away with
Robb, but I can gather two hundred
decent men.

LUWIN
Do you need so many?

BRAN
If we can't protect our own bannermen,
why should they protect us?

Rodrik smiles proudly.

01:41:17

BRAN
Go, Ser Rodrik. Take the men you need.

RODRIK
Won't take long, My Lord. Southerners
don't do well up here.

Rodrik exits, followed by stack guards.

EXT. WINTERFELL - COURTYARD - DUSK.

Hodor walks through the empty courtyard with Bran on his
back. Osha walks beside them.

BRAN
So what does it mean?

OSHA
You should ask Maester Luwin. He's the
one studying books all the time.

BRAN
I did ask him. He never heard of a
three-eyed raven.

OSHA
Must not mean anything, then.

BRAN
You're lying.

OSHA
You might be a little lord, but don't

you call me a liar.

BRAN
You know what it means.

OSHA
I never said I didn't.

01:41:52

Hodor helps Bran onto his horse.

BRAN
You didn't give me an honest answer.

OSHA
That's not the same as being a liar.

BRAN
Well it's not far off.

OSHA
So you're dreaming of the three-eyed
raven again?

Bran nods.

OSHA
In the Godswood, you told me you didn't
dream. Now who's the liar? What did
you see in the dream? Something bad?

[MUSIC IN]

OSHA
Tell me, boy.

BRAN
I dreamt that the sea came to
Winterfell. I saw waves crashing into
the gates, and the water came flowing
over the walls.

Bran looks around at the castle walls and his people.

BRAN
Flooded the castle. Drowned men were
floating here, in the yard. Ser Rodrik
was one of them.

Osha is concerned but tries to hide it.

OSHA
The sea is hundreds of miles away.

01:42:58

BRAN
I know. It's just a stupid dream.

OSHA
I've got to get these potatoes to the kitchen, otherwise, they'll put me in chains again.

Osha starts to walk away, but stops.

BRAN
Osha. The three-eyed raven, what do they say about it? North of the Wall?

OSHA
They say all sorts of crazy things north of the wall.

Osha walks away.

EXT. FIST OF THE FIRST MEN - NIGHT.

Mormont, Qhorin, Jon, Sam, Grenn, Edd, ND Night's Watchmen and Qhorin's commandoes look off into the distance at what Qhorin tries to show them.

QHORIN
There.

MORMONT
Where?

QHORIN
On that mountain.

SAMWELL
I don't see it very well.

JON
Fire.

QHORIN

There's a fire. People sitting around it have better eyes than yours or mine. When they see us coming, that fire becomes a signal. Gives Mance Rayder plenty of time to throw a party in our honor.

01:43:53

MORMONT

How many wildlings have joined them?

QHORIN

From what we can tell, all of them. Mance has gathered them all like deer against the wolves. They're almost ready to make their move.

JON

Where?

QHORIN

Somewhere safe. Somewhere south. We can't just march into their midst. And we can't wait for them here with nothing but a pile of stones to protect us.

MORMONT

Are you saying we should fall back to the Wall?

QHORIN

Mance was one of us once. Now he's one of them. He's gonna teach them our way of doing things. They'll hit us in force, and they won't run away when we hit back. They're gonna be more organized than before, more disciplined, more like us.

Qhorin turns to face everyone.

QHORIN

So we need to be more like them. Do things their way. Sneak in, kill Mance, and scatter them to the winds before they can march on the Wall. And to do that...

01:44:55

MORMONT

We need to get rid of those lookouts.

QHORIN

It's not a job for four hundred men. I need to move fast, and silent. Harker! Stonesnake! Borba!

Qhorin's men step forward.

JON

Lord Commander, I'd like to join Lord Qhorin.

QHORIN

I've been called lots of things, but that might be my first Lord Qhorin.

MORMONT

You're a steward, Snow, not a ranger.

JON

I've fought and killed a wight. How many rangers can say that?

QHORIN

He's the one?

MORMONT

Aye, you killed a wight. You also let an old man beat you bloody and take your sword.

A few rangers chuckle.

QHORIN

Craster? In the boy's defense, that's a tough old goat.

Samwell steps forward.

[MUSIC IN]

SAMWELL

I could take up Jon's duties while he's gone, My Lord. It would be no trouble.

Mormont, Samwell and Qhorin exchanges looks, considering.

01:45:56

MORMONT

I hope you make a better ranger than you
do a steward.

Jon passes in front of Mormont and Qhorin and walks away.

INT. QARTH - PALACE OF XARO - NIGHT.

Xaro and Dany stroll and talk as people mingle around them.

XARO

So tell me, how long as your manservant
been in love with you?

DANY

(LAUGH) He's not my manservant and he's
not in love with me. He's my advisor.
My friend.

XARO

Unlikely. I can almost always tell what
a man wants.

DANY

And what about what a woman wants?

XARO

Much more complicated. You, for
example, what do you want?

DANY

To cross the Narrow Sea and take back
the Iron Throne.

XARO

Why?

DANY

Because I promised my Khalasar I'd
protect them and find them a safe home.

01:46:46

XARO

(LAUGH) You want to conquer the Seven Kingdoms for the Dothraki.

DANY

I want them because they're mine by right. The Iron Throne is mine and I will take it.

XARO

Ah, a conqueror.

DANY

And how did you get all of this? Did someone give it to you?

XARO

No. I come from nothing. I hit the docks like a piece of cargo, expect someone normally cares what happens to cargo.

DANY

So you wanted more than you had and you took it. You're a conqueror, too. You're just less ambitious.

XARO

(LAUGH) Mm.

DANY

What do you want, Xaro Xhaon Daxos? The gates of the city you bled for me... Why?

XARO

I will show you why.

Xaro takes Dany's hand and leads her away.

INT. QARTH - XARO'S PALACE - VAULT - CONTINUOUS.

Xaro and Dany stand outside the vault. Xaro strikes the vault with his sword to demonstrate its strength.

01:47:33

XARO

The door in the vault is made of

valerian stone. The hardest steel does not make a mark. I offered the greatest locksmith in Qarth their weight in gold if they could break into it. I made the same offer to the greatest thieves. They all went home empty handed. The only thing that can open this door is this key.

DANY
And behind the door?

XARO
(LAUGH)

DANY
And it can all be mine?

XARO
Or let us say ours. More than enough to buy horses, ships, armies, enough to go home.

DANY
All I have to do...

XARO
Is marry me.

DANY
That was a romantic proposal.

XARO
I've already married once for love, but the God`s stole her from me.

[MUSIC IN]

XARO
I come from nothing. My mother and father never owned a pair of shoes, but marry me and I will give you the Seven Kingdoms, and our children will be princes and princesses.

Dany looks toward the vault.

01:48:45

XARO

See? I have more ambition than you thought. The time is right, Daenerys Targaryen, for us to become a name. Robert Baratheon is dead.

INT. QUARTH - DANY'S CHAMBERS - NIGHT.

Dany checks on her dragons and Jorah tries to reason with her.

JORAH

If you cross the sea with an army you bought, and the fallen husband who paid for...

DANY

The Seven Kingdom's are at war with one another. Four false kings destroying the country.

JORAH

To win Westeros, you need support from Westeros.

DANY

The usurper is dead. The Starks' fight the Lannisters'. The Baratheons' fight each other.

JORAH

According to your new friend who earned your trust by cutting his hand?

DANY

The time to strike is now. We need to find ships and an army or we'll spend the rest of our lives rotting away at the edge of the world.

01:49:29

JORAH

Rich men do not become rich by giving more than they get. They'll give you ships and soldiers and they'll own you forever. Moving carefully is the hard way, but it's the right way.

DANY

And if I'd listened to that advice
outside the gates of Qarth, we'd all be
dead by now.

JORAH

I know the opportunity before you seems
like the last you'll ever have, but you
must not...

Dany turns her back on Jorah, agitated.

DANY

Do not speak to me like I'm a child.

JORAH

I only want...

DANY

What do you want? Tell me.

JORAH

To see you on the Iron Throne.

DANY

Why?

JORAH

You have a good claim, a title, a
birthright.

[MUSIC IN]

JORAH

But you have something more than that.
You may cover it up and deny it, but you
have a gentle heart. You would not only
be respected and feared, you would be
loved. Someone who can rule and should
rule. Centuries come and go without a
person like that coming into the world.
There are times when I look at you and I
still can't believe you're real.

Dany and Jorah stand in silence for a long moment.

01:50:40

DANY

So what would you have me do as my
advisor?

JORAH
Make your own way. Find your own ship.
You only need one. The allies we need
are in Westeros, not Qarth.

DANY
And how do I get this ship?

JORAH
I'll find it for you. A sound ship with
a good captain.

Dany turns to face Jorah.

DANY
I look forward to meeting him.

Jorah bows in front of Dany before walking away.

JORAH
Khaleesi.

Dany checks on her dragons.

EXT. HARRENHAL - FORGES - DAY.

Gendry places a fresh-forged sword in a tub of cold water.
Arya sits close by and nibbles on bread. Gendry swings the
sword in practice.

01:51:48

ARYA
You should stand sideface.

GENDRY
Sideface?

ARYA
Sideways.

GENDRY
Why?

ARYA
Smaller target.

Gendry looks around.

GENDRY
Am I fighting someone?

ARYA
You're practicing for a fight. You
should practice right.

Arya shoves a piece of bread into her mouth.

WOMAN (OS)
(SCREAMS)

[MUSIC IN]

Arya and Gendry turn when they hear a loud scream. Gendry and Arya run to find the Tickler lying on the ground with a broken neck, surrounded by others.

MAN
Did you see anything? Go up there!

Among the commotion, Arya looks up and around until she spots Jaen looking back at her. He holds up one finger and nonchalantly points it toward his eye as if to say, 'one down.'

Fade to black.
